

Real Care | Real Advocacy | Real Progress

Autism impacts 1 in 68 children. Applied behavior analysis (ABA) therapy can cost a family affected by autism as much as \$175,000 per year. As the number of children diagnosed continues to rise and the healthcare insurance landscape continues to shift, corporate support for LittleStar ABA Therapy learner scholarships is critical.

Thank you in advance for your support. To confirm your sponsorship, please contact Milissa Harman at Milissa@LittleStarABA.org.
